

A new vision  
of prefabricated bathroom pods

**Ergonomics**

As a specialist in prefabricated bathroom pods, AQUADREAM has designed range of products for student residence and disabled people.

**Quality**

At AQUADREAM, we have cutting edge industrial capabilities to meet the high demand for our pods.

**Adaptability**

In new constructions and refurbishments (assembled on site), AQUADREAM bathroom pods will meet all your requirements.

**AQUADREAM,**  
Performance, comfort and  
convenience in an eco-friendly  
line:

HQE® prefabricated bathroom pods

**Accessibility  
for All!**

Sink and countertop: Patented system.

## An exclusive AQUADREAM concept

The cosy corner is a unique sanitary fixture. This patented innovation was designed to deliver maximum ergonomics and accessibility. The depth and placement of the offset sink counter and other fixtures are totally accessible, suitable where wheel chair access is a prime requirement to cater for the needs of disabled people
